

DETAILED ACTION

Allowable Subject Matter

Claims 12-23 and 25-30 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims is the inclusion of the limitations "the plurality of gates being formed simultaneously" and "horizontal channel regions are substantially identical" to be stacked between the vertical source region and the vertical drain region, in all of the claims which is not found in the prior art references. Additionally see Applicant's Remarks filed 8/11/2009.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
